portfolio

Computer Science and Engineering graduate with expertise in Python, Django, Django REST Framework, React.js, and machine learning. Hands-on experience developing full-stack web applications, REST APIs, and AI-driven solutions through academic projects. Strong foundation in database management, data analysis, and time-series forecasting, supported by a 3.98/4.00 CGPA, multiple Dean's List recognitions, and Merit Scholarship awards

EDUCATION

BSc in Computer Science and Engineering – Completed
East West University | CGPA: 3.98/4.00

HSC Science – 2021
National Ideal College | GPA: 5.00/5

SSC Science – 2019
National Bank Public School and College | GPA: 5.00/5

RESEARCH & ACADEMIC PROJECTS

Stock Market Prediction System – 2026 | East West University
- Built a full-stack stock prediction platform using Django REST Framework, React, and LSTM.
- Applied TensorFlow, Pandas, and yFinance for time-series forecasting and data analysis.
- Developed dashboards for stock search, visualization, predictions, and model evaluation.

Premium E-Commerce Platform – 2026 | East West University
- Developed a Django-based e-commerce platform with cart, orders, reviews, and authentication.
- Integrated SSLCommerz payment gateway and email notification services.
- Designed responsive interfaces using Bootstrap and Django templates.

Spotify Clone – 2026 | East West University
- Built a Django music streaming application with playlists, search, and authentication.
- Implemented pagination, media management, and playback functionality.
- Developed a database-driven web application using Python and SQLite.

TRAINING & CERTIFICATIONS

Full Stack Web Development with Python, Django & React – 2026 | Ostad (Batch 4)
– Django • React • REST API Development

Cyber Security & Ethical Hacking Career Track Program – 2026 | Ostad (Batch 6)
– Network Security • Ethical Hacking • Cybersecurity Fundamentals

PROFESSIONAL DEVELOPMENT

DevOps Engineering – Ongoing | Daffodil Professional Training Institution
– Linux • Docker • CI/CD • Git Workflow • Cloud Fundamentals

AI/ML Fundamentals – Ongoing | Ostad
– Machine Learning Fundamentals • Data Analysis • Model Development • AI Concepts

ACHIEVEMENTS: **Dean's List (Multiple Semesters)** • **Merit Scholarship Recipient** • **Achieved 3.98/4.00 CGPA** in B.Sc. in Computer Science & Engineering

CORE COMPETENCIES

Python • JavaScript • Django Development • REST API Development • React.js • SQL • Machine Learning • Deep Learning • Data Analysis • Time Series Forecasting • Database Management • Frontend Development • Backend Development • Authentication & Authorization • API Integration • Data Visualization • Model Training

TOOLS & TECHNOLOGIES: Git • GitHub • Postman • VS Code • Vite • Canva

LANGUAGES: **Bangla** (Native) | **English** (Professional) | **Hindi** (Basic)
